

boogie woogie

Recipe
Eggless
chocolate
mug cake

Serves: 1
Ingredients
4 tablespoons plain flour
2 1/2 tablespoon unsweetened cocoa powder
4 tablespoons sugar
1/2 tablespoons baking powder
7 tablespoons Coca Cola

Method:
Mix all ingredients together into an over-sized mug. This cake rises a lot so if you don't have a very large mug, I suggest you split the mixture into two mugs after mixing. Mix with a small whisk until no lumps remain.
For one oversized mug, microwave for 1 1/2 minutes. The cake should have a dry surface and the knife inserted should come out clean. You may want to reduce the time for two smaller mugs.
Tip--This cake rises a lot so watch out.

Disney makes the best movies for any age, anytime. An all time favourite, "The Love Bug" is one such classic. The story about a race car that feels and has moods is such an unusual concept. The original movie was released in 1968, and has since been retold a few times...the latest starring Lindsay Lohan in "Herbie". Even if you have seen the latest movie...the old ones are a classic that can be viewed again and again.

MAKE SAFETY A DAILY HABIT!

Here are the top ten tips ...

1. TRAVEL only in known vehicles

Never take lifts from strangers! Get into the car of known people who your parents approve. Even then ,let your mum or dad know who you are with.

2. BE AWARE of your surroundings

Always be aware of what is going on around you. You can avoid many harmful and unsafe situations by being aware of your surroundings! Take off your earphones; don't compromise your safety just to look cool.

3. Carry only WHAT IS NEEDED

Kids, you do not need to carry name brand stuff or loads of money on you, especially when you go out with just your friends. People are always watching and no matter what you think, you are not invincible!

4. SCREAM for help

Whenever you think you are in danger you can simply shout for help. Almost always, people who are in the vicinity will respond positively to your cry for help.. There is no harm in shouting and no one will think twice that a kid has screamed unnecessarily.

5. Be ALERT

Know what is happening around you. If there is too much unrest and any signs of a mob or a crowd-fight, just leave. Don't panic in a situation, such as a fire or an earthquake. Just follow instructions and move in an orderly fashion.

Stay safe when chatting with people online. They may not be who they say they are.

6. Show BRAVERY

If you think you are being stalked or followed, do not panic. Be calm and composed and see that you reach a place that has enough people around so that you can ask for help.

7. KEEP IN TOUCH with near and dear

Kids should always carry the PHONE numbers and addresses of their parents or guardians. This can be of timely help especially if you are lost in a crowd.

8. BE WARY of strangers

This should be strictly followed by kids that they never ever talk to an unknown person. In fact, they may appreciate the child's safety sense that the kid is showing ample maturity in this regard.

9. BE CAREFUL in water

Kids need to know the basic dangers of water and what to do and what not to do with water. Swimming pools and seashores are the main places that have proved fatal due to lack of personal safety by kids and their guardians.

10. NEVER WALK ALONE

Kids should always play or walk in groups, so that if in trouble, there is someone else to help you out of the situation. What's more, you are not exposed to dangers of kidnapping for ransom by stalkers and thieves.

SCIENCE EXHIBITION

Dr. Abdul Kalam did not become a scientist in one day. Since his childhood, he observed his surroundings carefully and simply tried to reflect on the changes he noticed. The Pinnaclites are also given the opportunity to showcase their scientific aptitude and skills in the Science Exhibition. The budding scientists of Classes IV - VIII participated and displayed excellent projects, experiments and demonstrations based on various concepts of Science.

WE REMEMBER ARHAM HUSSAIN

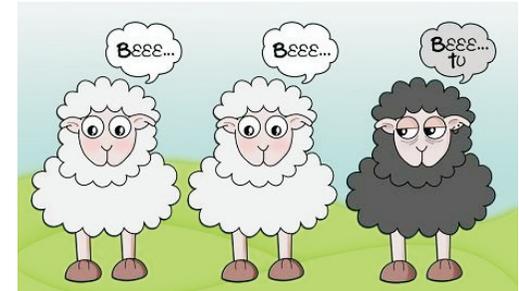

Our student of Class VIII C who suddenly passed away on 04.07.14.

Arham was a friend to all and a wonderful person. We miss his cheerful presence everyday and extend our deepest condolences to his family on their bereavement.

Arham will always be remembered at The Pinnacle School.

When you see a flock of sheep, have you noticed a peculiar thing about it? In the flock, there is no leader; yet the sheep always follow the one who walks in front. It appears as if the first sheep is leading the group.

Unlike sheep, human beings are different in attitude, capabilities and nature . In spite of all of these differences, almost all of us accept whatever comes our way.

So what is the solution? We need to have a Head that can lead and show us the path to progress. Someone one who does not dictate but works on the principle of consensus. Someone whose actions resolves conflicts and motivates the weaker ones. Remember... the difference between a Boss and a Leader is, a Boss says "go" and a Leader says "Let's go". As Mother Teresa said, "You can do what I cannot do; I cannot do what you can do. Together we can do great things."

The Pinnacle School prides itself on its Leadership Programmes. All students are given the opportunity to become involved in building up their leadership potential, whether as a Captain, Vice-Captain, Monitor or even as the Head Boy or Head Girl of the School.

INVESTITURE CEREMONY

Elections of the office bearers were completed with the Investiture Ceremony on 23rd July, 2014. This event was covered in three phases and office bearers were selected democratically. Students from Classes VIII upwards voted for the candidates and chose the office bearers.
